The most complete, concentrated, and powerful anti-oxidant blend available. It addresses the needs of older horses, performance horses, and any horse where anti-oxidants are needed. Delivers results through the use of the most effective of anti-oxidants. Give 2 ounces daily. For horses at rest and yearlings, give 1 ounce per day. For weanlings, give 1/2 to 1 ounce daily.

SU-PER APPETITE	quart	6.60
<i>liquid - corn syrup base/cherry flavoring</i>	gallon	24.28

Guarantee per 1 ounce: Thiamine (Vitamin B1) - 100 mg

SUPPORTS A HEALTHY APPETITE! A feed supplement for use in the daily feed ration of all classes of horses. Provides Vitamin B-1 in conjunction with other B-complex vitamins, 5% alcohol, and Acetic Acid. Feeding amount is 1 to 2 ounces daily.

SU-PER ASPIRIN	1 lb.	11.45
<i>powder / no flavoring</i>	2.5 lb.	27.20

Guarantee: 100% pure Acetylsalicylic Acid USP

We **DO NOT** use salicylic acid, because although it is cheaper, it has been shown to severely irritate the stomach lining, leading to gastritis and the increased risk of ulcer formation. Serving size is 2 to 4 scoops mixed into a sweet, highly palatable feed. May be fed every 8 hours as needed. Each scoop contains 60 grains of Acetylsalicylic Acid.

SU-PER B-1 LOWER PRICE!	quart	7.12
<i>liquid - corn syrup base/cherry flavoring</i>	gallon	26.18

Guarantee per 1 ounce: Thiamine (Vitamin B1) - 625 mg

SU-PER CALCIUM CITRATE	2 lb.	13.00
<i>powder - nothing added</i>		

Guarantee per scoop: Calcium (elemental) - 1,500 mg

It is extremely important to maintain the proper ratios of Calcium, Phosphorus, and Magnesium in the diet. Horses on high grain diets may be in need of supplemental Calcium, as well as mares in foal and developing horses. For optimum health, the calcium/phosphorous/magnesium ratio should be 2:1:1 respectively. For help in determining your horse's current ratio, please consult your veterinarian or nutritionist.

NUTRITIONALS/SUPPLEMENTS

product	unit size	unit price
SU-PER CALM		

paste - apple flavoring

Proven effective for treating minor cuts and abrasions, fungal and skin irritations, and dry chafed skin. Insure proper healing of the skin without risk of infection.

Today's pet foods are very good for providing basic nutritional support for our pets. But do our pets need the exact same nutrients as millions of other pets?

We think animals are just like people, they all have different nutritional needs to ensure optimum health and performance, depending on their age, size, breed, or specific health condition!

GP Companion Products provides specialized supplements which focus on areas of your pet's health which are not addressed by the pet foods of today.

From Glucosamine and Chondroitin Sulfate for **JOINT SUPPORT**, to Kreatine for **INCREASED ENERGY** and **IMPROVED PERFORMANCE**, to Wheat Germ Oil for a **HEALTHY COAT**, all of our premium quality products are formulated to meet your pet's needs!

**GUARANTEED PHARMACEUTICAL QUALITY
SUPPLEMENTS FOR YOU!**
